Section 4: PAP Replenishment Guidelines and Prescriber Certification Required

PAP REPLISHMENT GUIDELINES: GSK Patient Assistance Program (GSK PAP) is no longer able to offer single dose vials for PAP replenishment. A site must accumulate a total of 10 doses within 12 months in order to be eligible for replenishment through the program. Doses approved for all practicing physicians at a unique site address will count towards the accumulation. Furthermore, the total amount of replenishment product received through the GSK PAP will be capped at 200 doses per product per year (20 shipments of 10 vaccines) per unique site.

PRESCRIBER CERTIFICATION: By enrolling my patient into GSK PAP, I understand that if my site does not dispense 10 doses for approved PAP patients within 12 months that I will not be eligible for replenishment. My signature certifies that I am a licensed practitioner eligible under state law to prescribe, receive, and administer the requested medication(s) listed on this program enrollment form, shipped from the GSK PAP. I attest that the vaccine requested is indicated medically for the identified patient. I certify to the best of my knowledge, that the information on this application is correct and complete. I attest that the product I am requesting is a replacement of a previously purchased GSK vaccine used on an approved PAP qualified patient. I also understand that eligibility under the program is subject to GSK's discretion and GSK reserves the right to modify or terminate the GSK PAP at any time. I represent that I have obtained all necessary authorizations from my patient to allow me to release information to GSK and its contracted third parties. My signature confirms that the vaccine product has been or will be provided at no cost to the patient listed on this form and I understand that I am not eligible to seek reimbursement from any source for any medication provided by the GSK PAP for this patient. I understand that I will not receive reimbursement from GSK for the administration of this vaccine for this patient and further agree that I will not seek reimbursement for administration of the vaccine from any public payer for this patient. For information about how GSK handles your information, please see our privacy notice at https://privacy.gsk.com/en-us.
